

# EXEE 2.0

The design of Exee 2.0 series is inspired by the structure of the letter "E". Exee echoes the word "Excellent" and aims at creating a "wow" furniture for all users. Currently there are patio and modular sofa sets. The application of Exee is not limited to houses, hotels and restaurants. It is a good combination of softness and rigidity to offer an elegant and gentle impression.  
The rectangular fire pit is a contemporary combination of classic teak wood color with charcoal or grey frame, and this makes it easy to apply to different scenes. Whether it be watching the stars at night, having a weekend barbecue or simply hanging out, you can always find an excuse to stay out, with a feeling of warmth.
